Professional Summary

Senior IT System Administrator and former Microsoft 365 Identity Support Engineer. With 12+ years of experience in Microsoft technologies, network security, cloud solutions, virtualization, and IT infrastructure.

I leverage my technical knowledge and research skills, driven by a logical approach and strong work ethic, to optimize and enhance IT solutions for enterprise environments.

Core Competencies & Technical Skills

- **Microsoft Technologies:** Windows Server architecture, Active Directory, Failover Clustering, and core enterprise services (DNS, DHCP, GPO).
- **Microsoft 365:** Identity & Access Management (Entra ID), Exchange Online, and SharePoint Online.
- **Virtualization Infrastructure:** Hyper-V, VMware ESXi, Proxmox, maintaining High Availability (HA) environments.
- **Networking & Security:** CCNA methodologies, FortiGate Firewalls, network traffic monitoring, security policy enforcement, and endpoint security (Kaspersky, ThreatDown).
- **Storage & Hardware:** Dell, Lenovo, and IBM Enterprise Servers (RAID configurations), Synology NAS, and SAN storage architecture.
- **Data Protection & Recovery:** Veeam Backup & Replication, business continuity, and comprehensive Disaster Recovery Planning.
- **Scripting & Automation:** PowerShell and Python for infrastructure automation, agent rollouts, and routine system optimization.

Professional Experience

Manaseer Information Technology – Senior System Administrator (Jan 2026 – Present)

- Recruited back to the organization to integrate enterprise-grade Microsoft methodologies, driving improvements in system administration, IT support, and infrastructure security.
- Designed and built a secure, virtualized Linux environment (Ubuntu) dedicated to AI engineering, actively hosting and managing open-source LLMs (Ollama, Llama) to develop practical AI solutions.

Microsoft – Microsoft 365 Identity Support Engineer (Feb 2024 – Aug 2025)

- Design and implement identity and access management solutions using Microsoft Entra ID (Azure AD), including conditional access policies, MFA, SSO, and identity governance.
- Configure and manage authentication protocols (SAML, OAuth 2.0, OpenID Connect) for secure app integrations with Microsoft Entra ID.
- Develop and enforce Conditional Access policies based on user risk, location, and device compliance using Microsoft Entra Conditional Access.
- Manage B2B identity integrations, enabling external user access while maintaining security and compliance.
- Deploy and manage Microsoft Entra Identity Protection to detect and respond to identity-based threats.
- Implement Just-in-Time (JIT) access and Privileged Identity Management (PIM) to reduce attack surface for high-privilege accounts.
- Conduct access reviews and lifecycle management using Microsoft Entra Governance tools.
- Configure and maintained Hybrid Identity with Azure AD Connect, including Pass-through Authentication and Seamless SSO.
- Integrate on-premises Active Directory with cloud services, ensuring synchronization and identity federation.

Manaseer Information Technology – Senior System Administrator (Mar 2018 – Feb 2024)

- Led IT infrastructure projects covering Windows Server, Microsoft 365, and virtualization solutions.
- Implemented disaster recovery strategies and managed daily server operations.
- Administered Exchange Online, SharePoint, Teams, ensuring compliance and availability.
- Configured FortiGate firewalls, improving security posture across the enterprise.

Al Ridwan Schools – Senior IT Specialist (2015 – 2016)

- Managed school IT systems, ensuring stable network and server performance.
- Deployed and managed Microsoft 365 services for staff and students.

Zarqa University Schools – IT Manager & Network Administrator (2013 – 2014)

- Oversaw IT infrastructure, including servers, networking, and security solutions.
- Implementing modern technological educational solutions (Smart boards and LMS)

Al Nahda Private Schools – IT Specialist (2008 – 2012)

- Provided daily IT support for staff and students.

Education

- Bachelor of Computer Science – Al Zarqa Private University, Jordan (2006)

Certificates:

- Microsoft Certified: Azure Administrator Associate (AZ-104) & Azure Fundamentals (AZ-900)
- Cisco Certified Network Associate (CCNA)
- Microsoft Certified Solutions Expert (MCSE) & Solutions Associate (MCSA)
- Microsoft Exchange Server 2019
